

Medium

DGVCL Vidyut Sahayak JE (Electrician) 2024

E, G, H, L, M, S and T sit around a circular table facing the centre. When counted from the left of S, only one person sits between T and S. E sits third to

A

Two

B

One

C

Three

Correct

D

Four

Correct Answer: C

Full Detailed Explanation

Arranging the persons around the circle according to the direction clues gives three people between M and S.
