Easy | Assistant Engineer (Electrical), Clas | 2025 | Building Department

The Indian Electricity Rules of 1956 were largely focused on ensuring __________ in the electricity sector.

A Profitability

B **Safety and supply standards** — Correct

C Competition

D Privatization

Correct Answer: B

Full Detailed Explanation

Concept & ReasoningThe Rules historically addressed clearances, protective measures, earthing, installations, inspection and safe supply/use of electricity. Later legislation/regulations modernized the sector, but safety and technical compliance remain the core context of these rules.How to Solve It in the Exam1956 Rules safety/technical requirements.Important Exam PointSector-market reforms belong to later policy/legislation, not the core 1956 Rules.Related Revision PathThis question sits in the revision path Electrical Laws, Standards and Energy Policy Electricity Legislation Indian Electricity Rules 1956 .
